

PRESS RELEASE**OJK STRENGTHENS FINANCING, VENTURE CAPITAL, AND
MICRO FINANCE INSTITUTION INDUSTRIES' INTEGRITY**

Jakarta, 7 February 2026. Indonesia Financial Services Authority (OJK) strengthens financing, venture capital, and micro finance institution (PVML) industries' governance and integrity quality through the Prospective Key Players Assessor Team in the 2026 PVML Fit and Proper Test Assessor Summit, Jakarta, Monday. This summit is OJK's annual program since 2015.

The Summit aims to enhance the capacity and competency of Assessor Team in assessing fit and proper tests, particularly in discovering integrity values, reputation, or financial aptitude, as well as the overall competence of Prospective PVML industry's Key Players. Assessor Summit also serves as a forum to expand Assessor Team's insight on regulation developments and digital technology uses in the financial services sector.

Chief Executive of Financing Institutions, Venture Capital Companies, Microfinance Institutions, and Other Financial Service Companies Supervision of OJK Agusman highlighted Assessor Team's strategic role in ensuring the quality of the human capital entering the PVML industry, as the sector has yet to have a surety system as banks have, thereby requiring strict Prospective Key Party selection phase for industry continuance and public interest.

"Your involvement will largely determine the parties entering the PVML industry. Ensuring the entrants are integrous, moving beyond intelligence, for the growth of this industry," Agusman said.

He also inquired the Assessor Team to deepen the Prospective Key Parties' commitment and strategy in preventing fraud during the interview.

Furthermore, OJK recorded PVML's growth as of 2025 at 7.48 percent (yoy), totaling to Rp1,115 trillion with financing distribution growth of 7.26 percent (yoy) totaling to Rp1,003 trillion with 756 industry players. PVML is expected to be more contributory to the economy, particularly to the MSME sector.

"We continuously strive to find feasible breakthroughs that are beneficial for the communities, especially MSME as communities have high expectation on this sector. We are committed to implementing the existing roadmap, evaluating periodically, and fixing what needs to be fixed. The public has their eyes on us to do our best," Agusman explained.

Code of Conduct, Integrity Pact, and Assessor Team Performance Contract were signed during the Summit as a form of the Assessor Team's commitment to uphold integrous values. The signing was attended by the Assessor Team, consisting of 67 on-site and 55 online participants from internal and external of OJK.

Dissemination and discussion on POJK Number 32 of 2025 on the Buy Now Pay Later (BNPL) by the Head of Financing Institutions, Capital Venture, MDI, and other Financial Services Institution Regulation Directorate Irfan Sanusi Sitanggang was held to enhance Assessor Team's competence in PVML provisional development and cybersecurity optimization. The second dissemination explored governance enforcement and cyber security culture by Director of Professional Services of PT Xynexis International Petri Miftach.

PVML sector in OJK continuously strengthens business processes through technology uses optimization, such as SPRINT application usage, OJK WIDE integrated track record app development via SIPUTRI, SLIK utilization for credit information or financing issues, and SIGAP app for AML-CTF supervision list to increase stakeholders' satisfaction in fit and proper test assessment.
